AF Implementation of DoDD 6200.3

**Lt Col Hudson
XOS-FC
20 Sep 2005**

U.S. AIR FORCE

U.S. AIR FORCE

Overview

- **DoDD 6200.3 and the Air Force**
- **On-Going C-BW Effort**
- **Air Force Instruction 10-2603**
- **Way Ahead**

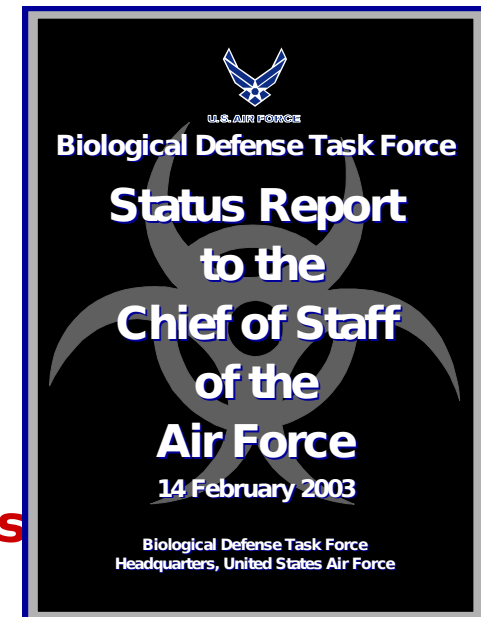

U.S. AIR FORCE

2003 Bio-Defense Efforts: Bio-Defense Action Plan

- **CSAF directs initiation of Bio Defense Task Force (BDTF)**
 - **Operationally led: Deputy Chief of Staff for Air & Space Ops (XO)**
 - **Cross-functional approach**
- **BDTF identified mission-critical shortfalls and ways to address across six areas:**
 - **Organizational Responsibilities**
 - **Joint and OSD Matters**
 - **Doctrine and Guidance**
 - **Education, Training & Exercises**
 - **Funding and Resources**
 - **Operational Capability Improvements**

U.S. AIR FORCE

C-BW Objectives

- Produce operationally relevant C-BW strategies, plans, and procedures

- Non-material solutions developed by functional experts and based on scientific data and ops analysis
- Use existing wing C-BW capabilities / infrastructure
- Complement C-CW procedures

PREPARATION			
	HAZARD ASSESSMENT	INTELLIGENCE	
TRAINING	METEOROLOGY	PREVENTIVE MEDICINE	
	SURVEILLANCE	CLINICAL DIAGNOSTICS	
SAMPLING	DETECTION	IDENTIFICATION	
	PHYSICAL PROTECTION	WARNING	
ALERT	REPORTING	NOTIFICATION	
	TREATMENT	CASUALTY MANAGEMENT	
EVACUATION	QUARANTINE/ ISOLATION	CASUALTY REPLACEMENT	
	CONTAMINATION CONTROL	MORTUARY AFFAIRS	

- Provide the basis for a C-BW CONOPS and guidance for AF units to prepare, respond, ,

CSAF direction: "improve AF bio-defense guidance for mission recovery and sustainment through a focused effort

operate, sustain, and recover - Excellence

U.S. AIR FORCE

KFE Products

Education & Training

- **BW Threat Intel Brief**
- **BW Threat Analysis & Briefing**
- **Bio Agent Smart Cards**
- **BW Knowledge Survey**
- **Operational Impact Analysis & Briefings**

Sampling, Detection, and Identification

- **Biological Agent Testing Guidance**
- **Equipment Optimization Analysis**

Decontamination

- **Residual Hazard Database**
- **Decontamination Matrix**

Disease Containment

- **Disease Containment Plan**
- **Medical Treatment Protocols Guidelines**

Decision Support / Wing Commander & Staff Tools

- **Commander's Decision Tool**
- **Threat Working Group Charter**
- **Public Affairs Toolbox**
- **Legal Review and Analysis**
- **Force Protection Measures**
- **Mask/De-Mask Matrix**
- **AF Procedures for Investigating a Bio Event**

Implementation of Emergency Health Powers

Air Staff and MAJCOMs directed to immediately implement 6200.3

- **Feedback from MAJCOMs and Air Staff:**
 - **Legal Issues—control of OCONUS bases, responsibility and authority for non-military personnel**
 - **Security Forces—not manned or trained to impose ROM**
 - **Medical Group—focus has been on casualty management**
 - **Public Health—unclear on responsibilities of PHEO and relationship to key functionals**

MAJCOMs requested additional guidance to implement 6200.3—Kunsan Focused Effort provided opportunity to examine issues in wartime environment

emergency and/or

Air Force Implementation

U.S. AIR FORCE

- ***AFI 10-2603, Emergency Health Powers on Air Force Installations***
 - **Provides guidance to protect AF installations during a Public Health Emergency**
 - **Biological warfare, terrorism, or naturally occurring communicable epidemic**
 - **Applicable to Total Force (Guard and Reserve)**
- **Incorporates and builds on National (e.g. NRP and NIMS), DoD (6200.3 and Title 42 United States Code), and Air Force (Air Force Policy Directive, 10-26) Policy**
- **SGO released memo identifying qualifications of the PHEO**
 - **Medical Corp Officer**
 - **Experience in Preventative medicine/emergency response**
 - **Work closely with assigned Public Health section**

Integrity - Service - Excellence

U.S. AIR FORCE

Air Force Instruction (AFI)

10-2603

- **AFI specifies the authority of the installation commanders and assigns responsibilities for declaring, reporting, and managing a public health emergency.**
- **Includes specific sections on**
 - **Restriction Of Movement/Quarantine/Isolation**
 - **Prep and planning**
 - **Training/exercise**
 - **Sustainment of Response**
 - **Assessments**
 - **Contaminated Remains (CBRNE)**

U.S. AIR FORCE

Air Force Instruction 10-2603 Way Ahead

- ***AFI 10-2603 released for 2 Letter Coordination***
- ***Release to the field on 15 Oct 05***
- ***OASD Health Affairs Work Group on Advancing DoDD 6200.2***
